

Please note that audio/audio visual recording is not permitted whilst on Gillen Motors Pty Ltd premises.

We are aware that many of our guests now choose to install audio or audio visual recording devices in their vehicles. We understand that our guests use these devices to ensure the safety of their families and property whilst on public roads.

Please be advised that Gillen Motors Pty Ltd does not allow use of in vehicle audio or audio visual recording devices in vehicles whilst they are on our premises and/or in our control.

We value the privacy of our staff and guests and the collection of images or audio files of our staff and guests, by our guests, is in contravention of our Privacy Policy and our Privacy Statement.

Accordingly, we will not work on your vehicle, including test drives, unless all audio and/or audio visual recording devices fitted to your vehicle are removed or deactivated whilst your vehicle is on our premises and/or in our control.

If you have any questions, please ask your Service Advisor at the commencement of your service appointment.

We thank you for your understanding.
